

OUR ATTORNEYS

Ashley N. Broderick

A gifted writer, Ashley has done valuable legal work ranging from the preparation of comprehensive research memoranda to post-trial motions and from pre-trial court filings to winning appellate briefs. But Ashley is more than a wordsmith; she's interviewed witnesses, created successful litigation strategies, and counseled clients to help them resolve disputes, both before and during heavy litigation. And Ashley always stands ready to make the client's case, whether she's presenting arguments before an administrative tribunal or preparing key witnesses to testify before a jury.
