

PRACTICE AREA

Litigation

Founded as a litigation firm in 1963, our attorneys carry on our tradition of substantial deposition and courtroom experience, with hands-on training that begins early in every attorney's career. The litigation department is the largest practice area at Wallace Saunders, with more than half of our attorneys working under the Litigation Practice Area umbrella.

Pre-suit disputes, extensive discovery processes, alternative dispute resolution, and jury and bench trials – we've successfully handled these matters at the municipal, state, and federal levels, as well as in the appellate courts when appropriate.

We're also proud members of The Harmonie Group – an international organization of law firms providing excellent resources to keep our firm on the cutting edge of litigation trends and issues.

Results-oriented, ethical and backed by over half a century of experience – put our litigation group to work for you in any of the following areas:
